

Pass and Seymour
15A Tamper-Resistant AFCI Receptacle, White
Part No. AF153TRW

15A Arc Fault Circuit Interrupter Receptacle

Features & Benefits

Part of the radiant® collection of wiring devices, wall plates and home systems.

Protects against electrical fires by detecting arc faults and denergizing the circuit.

Tamper-Resistant – automatic shutter system prevents young children from inserting common household objects. Black shutters essentially disappear into the background for an invisible effect preferred by end users.

Specifications

General Info
