

Wattstopper
Digital wireless configuration tool w/USB
Part No. LMCT-100-2-U

The LMCT-100-2 Wireless Configuration Tool is a handheld tool for advanced remote configuration of any Wattstopper Digital Lighting Management (DLM) system. The tool enables system and device modifications via pushbutton, without ladders or tools, as well as easy duplication of settings between DLM local networks.

Features & Benefits

Wireless advanced configuration capabilities for Digital Lighting Management systems

Easy-to-read OLED screen

2-way IR communication for data upload, download, confirmation and storage

Configures occupancy sensors, switches, room controllers, photosensors and DLM relay panels

Component of Digital Lighting Management integrated control systems

Micro-USB port allows easy updating of firmware

Easy-to-use navigation pad

Specifications

General Info

Product Line	Wattstopper	Color	Black
UPC Number	754182941773	Country Of Origin	United States
Material	ABS	Product Series	LMCT
Included	Batteries, Carrying Case	Application Sector	Commercial
Standard	RoHS, BAA	Warranty Type	5-Year
Type	Configuration Tool		

Dimensions

Product Width US	1.5 in	Product Weight US	0.1 lb
------------------	--------	-------------------	--------

Product Volume US	36.06 cu in	Product Depth US	1.1 in
Product Height US	4.0 in		
Trade Programs			
BAA	Yes		
Additional Information			
RoHS Compliant	Yes	DesignLights Consortium Qualified System	Yes
Security	Yes		
Technical Information			
Compatibility	DLM Wired	Wireless Range	IR, up to 32 ft
Indoor/Outdoor	Indoor	Battery	3 AAA Batteries
Engraving Type	Icon
