

Wattstopper
Discontinued - DLM AX3.8 JACE 8000, Max 300 Rooms
Part No. LMJA-8300-AX

The LMJA-8xxx-AX (using AX 3.8) is a network controller designed to communicate with wired and wireless DLM network Bridges, for local in-room wired networks and/or LMCP panels. It provides control, monitoring, adjustment, and standard or Human Centric Lighting (HCL) scheduling functionality for networked DLM systems. The Network Supervisor is a PC server running similar software designed to coordinate control of multiple LMJA-8xxx's and store historical data.

Features & Benefits

Includes Wattstopper 1st year software maintenance agreement.	Allows remote changes to occupancy sensor and daylighting sensor settings in real time
Adjusts scheduling of normal and after hours	Create standard and HCL lighting schedules. Schedules may be repeating seven day, calendar event based or astronomic control
Allows real time current monitoring of rooms and groups when using load controllers with current monitoring circuitry (e.g. LMRC-2xx or LMPL-201)	

Specifications

General Info

Product Line	Wattstopper	UPC Number	754182944996
Country Of Origin	Mexico		

Dimensions

Product Width US	7.0 in	Product Weight US	0.9 lb
Product Depth US	2.4 in	Product Height US	4.4 in

Additional Information

RoHS Compliant	Yes	Security	Yes
----------------	-----	----------	-----

Technical Information

Input Voltage	24 VDC/VAC
