

Wattstopper
Discontinued - LP24 Peanut Plus Lighting Control Panel with 8 Relays, 115/277V, Flush Mount
Part No. LP24F-8-115

WattStopper's LP24 Peanut Plus Lighting Control Panels provide simple, effective zone-based control of exterior and interior lighting in small applications. Panels control up to eight channels or zones of lighting. Zones respond to control signals from the system clock (or other signalling device) to turn lighting on and off. LP24 Panels ship pre-assembled in easy-to-install packages. They consist of relays, a system clock, panel intelligence, power supply, large tub with DIN rails for mounting up to twelve contactors (shipped separately) and cover.

Features & Benefits

Simple and effective interior and exterior lighting control	Controls up to eight zones
System clock provides time scheduled or astronomic control	Compatible with AS-100 Automatic Control Switches for local override control
DIN rail accommodates up to 12 four-pole contactors
