

Wattstopper
L-Plate Industrial Mounting Bracket for Sensors
Part No. MB-1

The MB-1 and MB-2 are durable mounting brackets used to install occupancy sensors in a variety of settings. Both brackets include adjustable plates that allow sensor rotation to achieve the desired angle for optimal coverage. The brackets also include built-in bubble levels that afford the installer reliable guides to ensure the bracket is correctly positioned before adjusting the sensor. The MB-1 and MB-2 are constructed of aluminum with a clear powder coating finish.

Features & Benefits

Consolidating to L-Plate mounting bracket only

Mounting plates adjustable to preset angles

Multiple mounting options with MB-1

Built-in bubble level for accurate installation

Brushed aluminum construction

HID fixture bracket (MB-2)

Compatible with most Wattstopper occupancy sensors

Specifications

General Info

Product Line	Wattstopper	Color	Silver
UPC Number	754182782017	Country Of Origin	China
Material	Aluminum	Application Sector	Industrial
Type	Bracket		

Dimensions

Product Width US	3.5 in	Product Weight US	0.4 lb
Product Volume US	246.4 cu in	Product Depth US	6.4 in
Product Height US	11.0 in		

Additional Information

RoHS Compliant	Yes	DesignLights Consortium Qualified System	Yes
----------------	-----	--	-----

Security	Yes
