

Wiremold
Ratchet-Pro 881 Series Divider Plate
Part No. 881DIV

Used to isolate power and communication compartments. Graduated cubic inch markings are marked clearly on the divider and correspond directly to the cubic inch markings on the interior of the box. Cuts easily with a utility knife. Supplied with a receptacle plate that completes separation of power and low voltage. One divider required for dual-service activation, ordered separately.

Features & Benefits

Used to isolate power and communication compartments. Graduated cubic inch markings are marked clearly on the divider and correspond directly to the cubic inch markings on the interior of the box.

Cuts easily with a utility knife. Supplied with a receptacle plate that completes separation of power and low voltage. One divider required for dual-service activation, ordered separately.

Specifications
