

Wiremold
OFR Series Overfloor Raceway Transition Box
Part No. OFR48-2MRTC

Allows cords and cables to make a smooth, concealed transition to the underside of the table when used with the InteGreat Transition Channel.

Features & Benefits

20A Receptacle - the box includes an egress opening with a grommet and top mounted 20A receptacle that is concealed when the InteGreat Transition Channel is placed on top.

Includes Knockouts - Transition Box has knockouts on each side of the box, allowing the OFR Overfloor Raceway to feed into, or pass through the outlet box.

Compatible with InteGreat Transition Channel - establishes a connection with the InteGreat Transition Channel to deliver power, communications and A/V cords and cables to the work surface.

Specifications
