

Wiremold
InteGreat™ All Power Table Box, Field Wired, Black
Part No. TB672PPBKF

InteGreat™ All Power table boxes are a perfect compliment to InteGreat™ A/V table boxes, supplying more table top outlets for meeting attendees. It has attractive finishes that can match any room décor. Combine it with other InteGreat™ products for a comprehensive solution to managing and delivering power, communication and A/V connectivity to meeting room spaces. This field wired version can be easily installed using MC type cable. The wiring compartment contains leads with easy to wire Wago® splicing connectors.

Features & Benefits

Attractive Design: InteGreat™ All Power Table Boxes have a brushed, anodized cover available in either black or aluminum finishes, with beveled edges and a “soft-touch” handle

The “pocket” door in the cover fully recesses into the box when open, giving access to connections without obstructing the work surface

A finishing plate hides hardware on the activation surface and allows for labeling of the AVIP plates

Adjustability: The activation surface of the InteGreat™ All Power Table Box can be adjusted down, in 1/2” [12.7mm] increments, from 1” to 4” [25mm to 102mm] to allow the cover to close even when using large style connectors.

Hole cuts are made easy with the included template. Simply configure your connectivity, set your activation height, place box in the cut out, and secure it below the table with the bracket and set screw.

Increased power: InteGreat™ All Power table boxes supply four 15A receptacles to the table surface, and two more 15A receptacles on the underside of the box to power A/V devices.

The cover flange allows for 1/4” [6.4mm] of forgiveness in the cut out opening. InteGreat™ All Power Table Boxes have a 12' SJT cord for easy connection to the electrical infrastructure.

Specifications

General Info

Product Line	Wiremold	Color	Black
UPC Number	786776185805	Country Of Origin	United States
Material	Aluminum	Number of Receptacles	4
Features	USB-A Charging	Application Sector	Commercial

Standard	cETLus Listed Multioutlet Assembly: Listed to US and Canadian Safety Standards	Warranty Type	1-Year from Installation or 2- Years from Day of Sale
Type	Table Box		
Dimensions			
Product Weight US	3.5 lb	Internal Depth	8.25 in
Listing Agencies / 3rd Party Agencies			
ETL Listed	Yes	ETL ListingNumber	101415836CRT-002
Additional Information			
RoHS Compliant	Yes		
Technical Information			
Amperage	15 A	Wiring Method	Hard-Wired
NEMA Configuration Code	5-15R	Mounting Type	Recessed
Cutout Shape	Rectangular	Voltage	125.0 V
